Four Flags Energy Savers Program (E\$P)

YOU CAN
MAKE A
DIFFERENCE!

Four Flags Energy \$avers Program (E\$P)

RESIDENTIAL EFFICIENT LIGHTING PROGRAM

Compact Fluorescent Light Bulbs (CFL's)

The Four Flags E\$P will provide up to a maximum two (2) CFL's per electric customer, per year, at no charge. You can stop by the Utilities Office at 322 E. Main Street during our normal business hours of 8AM until 5PM to pick up your CFL's.

Energy Efficient Lighting Program

Cash-back rewards are available on ENERGY STAR®-qualified indoor fixtures and/or ceiling fans with qualified light fixtures only. Limit of two (2) per electric customer

Commercial & Industrial Incentive Programs

The Four Flags E\$P offers cash incentives to businesses to help cover the cost of a variety of energy-efficient upgrades (lighting and variable speed drives, for example).

RESIDENTIAL REFRIGERATOR/FREEZER TURN-IN AND RECYCLING PROGRAM

Recycle Your Old Refrigerator or Freezer

If you are a City of Niles Utilities Department electric customer with an older working refrigerator or freezer (in your garage or basement, for example), you can take advantage of this program. Your refrigerator or freezer will be picked up for FREE and recycled in an environmentally proper way and you'll receive a \$20 check!

These program offers are good while supplies last. Supplies are limited and will be provided on a first come, first serve basis to qualified City of Niles Utilities Department electric customers only.

**For information on any of these programs call:
877-674-7281
(877-NRG-SAV1)**

GREEN FACT

If every American home replaced just one light bulb with an ENERGY STAR®-qualified bulb, we would save enough energy per year to light more than 3 million homes, more than \$600 million in energy costs, and prevent greenhouse gases equivalent to the emissions of more than 800,000 cars.

SERVICES FOR RESIDENTS WITH LIMITED INCOME

Working through *Residential Services of Southwestern Michigan*, the Four Flags E\$P will provide assistance with weatherization for eligible electric customers. Call **687-6550** to apply.

This is just the beginning. Over the next four years, more programs will be added.

For more information about the City of Niles Utilities Department 2009-2012 Energy Optimization Plan, visit the City of Niles website, www.ci.niles.mi.us.

The City of Niles Utilities Department's Four Flags Energy \$avers Programs are good for the "green" in your wallet, and the environment as well.

**Remember:
The "greenest" kind of energy is the energy you never use.**

The City of Niles Utilities Department launches the first of its new energy-saving programs, Four Flags Energy Savers Program (E\$P), designed to help our electric customers lower their energy use and save money.

Recent state law requires that all Michigan utilities undertake "energy optimization" plans to assist customers in reducing their energy costs.

Public Act 295 (PA 295) was signed into law on October 8, 2008 to promote energy optimization and the use of renewable fuels in the state.

Michigan utilities customers will pay a state-mandated surcharge on their monthly bills to be used to support energy optimization projects in Michigan. The City of Niles Utilities Department will not profit from the collection of these charges.

If you have questions regarding this legislation, please contact your State Representative or State Senator.

The City of Niles Utilities Department offers energy-saving programs to help our residential and business customers lower their energy usage and save money.
